Art Unit: 2166

Claim 35 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Cancellation of this claim is recommended.

Claim 1 includes a negative limitation referring to a theatrical performance. In claim 35, which depends directly from claim 1, applicant presents a Markush type grouping which effectively limits the negative limitation.

By proposing to limit a negative limitation, applicant is effectively broadening the scope of claim 1.

Dependent claims must always further limit claims from which they depend.

Claims 1, 4-10, 12-17 and 19-21 are allowable over the prior art of record.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
